Re: April 1st 2023 Kimberly-Clark Professional Price Increase (CAN)

Dear Kimberly-Clark Customer,

We remain committed to meeting your needs and delivering the Kimberly-Clark Professional products upon which you and your customers rely. With manufacturing, supplier, distribution, and warehousing costs still increasing significantly through 2022 and into 2023, we will be increasing prices for Kimberly-Clark Professional products accordingly to continue to supply these products while providing you with the quality you deserve.

Price increase details:

Towel, Tissue, Skincare, and Wipers:

Effective April 1, 2023, Kimberly-Clark Professional will increase prices for select Towel, Tissue, Skincare, and Wiper products in Canada up to 7% with certain cases seeing products increasing higher.

Personal Protective Equipment:

Effective April 1, 2023, Kimberly-Clark Professional will increase prices for select Industrial Vision and Apparel, Lab and Cleanroom Apparel, and Cleanroom Masks in Canada up to 6% with certain products increasing higher.

Where can you find prices:

Updated into-stock prices and price agreements will be available on the Kimberly-Clark Professional customer portal soon, with no later than 60 days before changes become effective.

Which orders are affected:

Orders shipped by March 31, 2023 will receive current prices. All orders shipped beginning April 1, 2023 will receive the new into-stock price.

To ensure adequate service levels and to avoid shortages, orders during the month prior to increase will be limited to 1/12th of your current annual demand.

We understand that price increases are never pleasant, and value your continued partnership. Rest assured, our goal is to minimize pricing impacts as well as provide exceptional products and service to you and your customers. If you have any questions, please contact your Kimberly-Clark Representative.

Sincerely,
