Subject: Market Increase Announcement

Dear Valued Customers,

Due to proportional price increases received from our manufacturing partners, ICS Clean Supplies will be implementing a price increase of 8% on selected items such as cleaning chemicals & small equipment, poly and compostable liners, paper products, skin care products and wipers effective April 7th 2023. Please note, some product categories and contracts may be subject to a higher percentage increase. This market increase is a direct impact of the escalating costs of raw materials, manufacturing processes, labor costs, transportation surcharges and general inflation of all goods and services throughout the janitorial sector.

This price adjustment will aid ICS Clean in the continuation of providing our clients the highest level of service and top quality products and we remain committed to the responsible sourcing of the most competitive market pricing throughout our manufacturing partners.

We appreciate your support and business and are committed to working to assist in the growth of your business as we strive to provide the best possible service. For all specific price related questions on your account, please contact your ICS Clean sales representative for more information.

For more information on sectors, manufactures and products impacted please visit our Resources section under Market Announcements & Newsletters for full details.

Sincerely,

Lindsey Goeree
Chief Operating Officer
ICS Clean Supplies Ltd
