

# LITHIUM-ION TECHNOLOGY

WELCOME TO THE NEW WAVE IN PRODUCTIVITY &  
EFFICIENCY INNOVATIONS.

- i** Developed by the professionals at Nilfisk-Advance, the NEW Lithium-Ion Battery series provides a smart, customizable alternative to traditional lead-acid and AGM batteries, allowing you to optimize the battery-powered runtime of your floorcare solutions.

This LI-ION battery series, presented by ICS Clean Supplies is designed to heighten your flexibility in cleaning by providing exceptional run times and fast, opportunity charging capabilities. LI-ION batteries deliver a ZERO maintenance battery with no monitoring needed, fitting perfectly into the Nilfisk-Advance state of the art product range.
