

SHIPPING RATES 2026

Effective Year	Effective Date
2026	April 1st

Summary

Due to the ongoing rise in shipping & fuel costs, we have been forced to review our shipping practices to ensure fairness to all parties involved. This will include a temporary increase to our internal and third party delivery surcharges on all orders until a noted change in fuel prices has been observed.

Order Minimums

Please view the following table for order minimums for free shipping. BCTS will apply to all orders moving forward.

Location	Minimum Order Size + BCTS
Lower Mainland 1 (Burnaby, Vancouver, Surrey, Langley, Richmond, Tri-Cities)	\$400 + \$10
Lower Mainland 2 (Abbotsford, West Vancouver, Mission, Chilliwack)	\$750 + \$20
Squamish	\$1000 + \$30
Whistler	\$1250 + \$35
Vancouver Island	\$1500 + \$50
Alberta	\$2000 + \$100

Shipping Fee

All orders that do not hit the shipping minimum will pay the remaining percentage of the shipping fee based on the percentage of their order size fulfillment (sub total). For example here is a \$275 order placed locally with a \$50 shipping fee:

Lower mainland 1 order amount **\$275**

Lower mainland 1 order minimum **\$400**

$\$275/\$400 = 68.75\%$

\$50 Shipping Charge

$\$50 \times 68.75\% = \34.38

$\$50 - \$34.38 = \text{Remaining shipping charge} = \textbf{\$15.62} + \textbf{BCTS \$10} = \textbf{\$25.62}$

ICS Deliveries

Internal deliveries will all be subject to the corresponding BCTS and we will continue to work closely with our customers on our delivery routes to avoid shipping and extra fee's where possible.
